

Aaghosh Scaling & Funding Platforms

Comprehensive Guide: Target Organizations, Contact Pathways, and Pitch Strategies

I. Global Philanthropic Foundations & Innovation Funds

1. UNICEF Venture Fund (UNICEF Innovation)

How to Reach Them: Apply online via their official portal at www.unicefventurefund.org/apply-funding during their rolling calls for applications.

How to Pitch Them: Position Aaghosh as an open-source, early-stage digital public good utilizing frontier technology (AI/Data Science) to improve child health and caregiver support in developing markets. Emphasize that your solution is scalable, uses approved open-source licenses, and can be integrated directly into UNICEF's existing country office networks and frontline worker training programs.

2. The LEGO Foundation

How to Reach Them: Visit www.legofoundation.com. They partner globally through both grantmaking and impact investments. Monitor their site for targeted challenge grants.

How to Pitch Them: Focus heavily on "learning through play," early neurodevelopment, and caregiver psychosocial well-being. Highlight how the Aaghosh AI Coach translates clinical evidence into playful, developmentally appropriate interactions and supports neurodivergent children in inclusive environments.

3. Bernard van Leer Foundation (Van Leer Group)

How to Reach Them: Email: info@vanleerfoundation.org | Address: Grote Marktstraat 43, 2511 BH The Hague, The Netherlands | Phone: +31 (0)70 331 2200.

How to Pitch Them: Frame the AI Coach as a highly scalable tool targeting the crucial "First 1,000 Days" of a child's life. Highlight its capacity to aid maternal mental health and how the platform can be seamlessly embedded into city governments, healthcare systems, and existing digital infrastructures.

4. Grand Challenges Canada (Saving Brains)

How to Reach Them: Apply during their "Saving Brains" funding cycles via their official grants portal at grandchallenges.ca.

How to Pitch Them: Deliver a data-driven pitch demonstrating how Aaghosh measurably improves early brain architecture, cognitive outcomes, and parental responsiveness in low-resource environments. Propose it for their "transition-to-scale" funding.

II. Multilateral Coalitions (Parenting & Early Childhood)

5. Global Initiative to Support Parents (GISP)

How to Reach Them: Engage through their founding member organizations (UNICEF, WHO, Early Childhood Development Action Network).

How to Pitch Them: Present Aaghosh as an evidence-based, AI-driven digital adaptation of the standard WHO and UNICEF parenting protocols. Pitch it as a turnkey technological solution that helps GISP achieve its mission of scaling universal parenting support packages globally.

6. Early Childhood Development Action Network (ECDAN)

How to Reach Them: Join their network directly through their official website to access policy working groups, webinars, and regional conferences.

How to Pitch Them: Pitch the platform as a collaborative, multi-stakeholder knowledge product. Focus on how the system translates high-level global ECD frameworks into localized, actionable guidance for parents and frontline workers in LMICs.

III. National Networks & Implementation Partners (Pakistan)

7. Ignite National Technology Fund & National Incubation Centers (NIC)

How to Reach Them: Submit proposals via email at pakistanstartupfund@ignite.org.pk or explore tech grants at ignite.org.pk.

How to Pitch Them: Pitch Aaghosh as an innovative, deep-tech (AI/Big Data) startup driving the Fourth Industrial Revolution in Pakistan's knowledge economy. Emphasize job creation, scalable technological infrastructure, and the modernization of healthcare and education services.

8. Aga Khan Development Network (AKDN) & AKU Institute for Human Development

How to Reach Them: Connect locally in Pakistan through the Aga Khan University (AKU) academic partnerships or Aga Khan Health Services administration.

How to Pitch Them: Propose a rigorous clinical pilot validation. Highlight how the AI platform can be deployed across their urban and rural community clinics to provide culturally localized, evidence-based early stimulation and child nutrition guidance.

9. Rural Support Programmes Network (RSPN)

How to Reach Them: Contact their headquarters in Islamabad or through their regional entities (e.g., NRSP, SRSP, PRSP).

How to Pitch Them: Propose a grassroots rural scale strategy. Explain how integrating the Aaghosh digital coach into their existing community health worker and social mobilization networks can exponentially increase their reach and standard of care.

10. Save the Children Pakistan & International Rescue Committee (IRC)

How to Reach Them: Reach out to their specific Pakistan country offices or program directors.

How to Pitch Them: Focus on operational integration. Pitch the digital tools as a direct workflow enhancement for their frontline staff operating in community centers, early education hubs, and child protection triage programs, especially in emergency or humanitarian settings.

11. HANDS Pakistan & Shifa Foundation

How to Reach Them: Connect with their central offices in Pakistan.

How to Pitch Them: Pitch a hybrid delivery model that combines Aaghosh's digital coaching with their paraprofessional and lady health worker (LHW) outreach to marginalized rural communities in Sindh, Punjab, Balochistan, and KPK.

IV. Tech-for-Good Accelerators

12. MIT Solve (Global Early Childhood Challenges)

How to Reach Them: Apply to their annual global challenges at solve.mit.edu.

How to Pitch Them: Pitch Aaghosh as a tech-based social enterprise directly addressing childhood health and educational disparities. Emphasize your scalable technological architecture and the measurable social impact it delivers.

13. Google.org Impact Challenges & AI for Social Good

How to Reach Them: Monitor [Google.org](https://google.org) for open calls for applications and submit proposals online.

How to Pitch Them: Highlight the open-source potential, the sophisticated use of LLMs/AI for social good, and how the platform democratizes access to pediatric health and educational expertise in emerging markets.
